

How to download library ebooks to the Kindle

Steps can change due to software and website updates.

*Questions? Contact the information desk: 439-9314 option 2;
information@bethlehempubliclibrary.org*

1. Go to www.bethlehempubliclibrary.org. Click on **ebooks** in Quick Links in the left column; then click **search** to enter OverDrive (the library's ebook collection).
2. Click on **advanced search** in the left column. In the format box, choose **Kindle Book**.
3. Check the **only show titles with copies available** box above the search button; click **search**.
4. Find a book you wish to check out and click **add to my digital bookbag** in the "Kindle Book" box. Click **proceed to checkout**.
5. Enter your library card number and click **login**. Click **confirm checkout**.
6. Click **get for Kindle**. *Amazon.com* will open in a new window.
7. Click the yellow **get library book** button.
8. Log in to Amazon with the username and password you registered with Kindle.
9. If you are asked to select the device for delivery, pick the appropriate Kindle device and click **continue**.
10. If your Kindle is currently connected to a wireless internet source (wi-fi), the book will download automatically to your Kindle now (second-generation Kindle or higher). Library books will not download over 3G, only over wi-fi. **Due to publisher restrictions, some Kindle books cannot be delivered wirelessly and must be downloaded and transferred via USB.**
11. First-generation Kindle owners or those without wi-fi can connect their Kindle to the computer with a USB cable and click **download**. Your ebook may transfer automatically. If not, save the file to your computer and drag and drop it to the documents folder of your Kindle.

How to return your library ebook from your Kindle

Library ebooks will automatically be returned at the end of the 21 days. If you would like to return one early:

1. Go to www.amazon.com/manageyourkindle (or click on **manage your Kindle** within the Kindle Store section of the website).
2. Hover over **actions** next to the book you'd like to return and select **return this book**. The screen will refresh and the book is returned. (The book will remain on the list unless you delete it.)
3. The book will remain on your Kindle, but it will now indicate "loan ended" and you will be unable to open it. To remove it from your Kindle, click the left arrow button and select **remove from device** (procedure may vary by Kindle model).
