

BETHELEHEM PUBLIC LIBRARY

SOLICITATION AND DISTRIBUTION POLICY

Policy adopted by the Board of Trustees November 13, 2000

Policy revised by the Board of Trustees February 13, 2012

Solicitation of the public or staff is not permitted on public library property or property under the control of the library by the public or library staff. This restriction does not apply to dissemination of material at a duly approved meeting consistent with the library's meeting room policy.

For the purposes of this policy, the term "solicitation" is defined as efforts by an individual or representatives of an organization to 1. ask for, seek, or entreat library users and/or staff to make monetary contributions; 2. approach library users and/or staff to enroll them as members or answer questionnaires; 3. offer for sale any item, product or service.
