200 seeds

Days to Sprout:	7 to 14
Days to Maturity:	45
Height at Maturity:	6 to 12 inches
Row Spacing:	10 inches
Plant Spacing:	6 inches
Planting Depth:	½ inch

David Landreth originally released this spinach in the 19th century. Large, tender dark green leaves. Best planted in summer and fall for winter and spring harvests.

How to Grow

During the off season, direct sow anytime soil can be worked, from about 6 weeks before first fall frost until last spring frost. Seed in rows 10" apart. Once full size, harvest the entire plant promptly.
