Packed for 2019 Lot 02-96470 ORG 95%

Cilantro /  
Coriander

Coriandrum sativum

200 seeds

Days to Sprout: 7 to 14

Days to Maturity: 50

Height at Maturity: 12 to 24 inches

Row Spacing: 24 inches

Plant Spacing: 7 to 10 inches

Planting Depth: ¼ to ½ inch

This easy-to-grow herb is a kitchen essential. Add to vegetable soups, curries or use to top stir-frys. Best used just before serving, sprinkled on the dish at the table.

## How to Grow

Direct sow in succession every 2 weeks from a month before last frost until early fall. Succession sowing is important. Not picky about soil. Leaves grow low to the ground and are purple-hued in cold weather, yet remain tasty.
