Crackerjack Mix African
Marigold

Tagetes erecta
200 seeds

Days to Sprout: 7 to 14
Days to Maturity: 70
Height at Maturity: 30 inches
Row Spacing: 12 inches
Plant Spacing: 18 inches
Planting Depth: ½ inch

Classic African marigold boasts an abundance of puffy, large yellow flowers. An easy way to add spark and benefit to the garden. Long stems & lasting blooms make good cut flowers.

How to Grow

Very easy to grow. Start indoors 6-8 weeks before first frost, then transplant once frost has passed. Or direct sow outdoors 1" apart, then thin to 6" apart once seedlings have 1-2 sets of true leaves. Prefer full sun, moderate water.
