endless amounts of peas.*

Packed for 2019 Lot 02-96821 ORG 93%

**Sugar Daddy  
Snap Pea**

*Pisum sativum*

100 seeds

Days to Sprout:	7 to 10
Days to Maturity:	60
Height at Maturity:	24 to 30 inches
Row Spacing:	36 inches
Plant Spacing:	1 to 2 inches
Planting Depth:	1 inch

Determinate vines require little trellising. Yield a nice supply of stringless snap peas. Will only reach 24-30" high. Peas form at the top of the plants. Easy picking.

## How to Grow

Direct sow once soil can be worked until last frost date. Trellising preferred, not required. Harvest pods when plump but not bursting. Frequent harvests help plants to continue to produce. Saving is easy, let some to dry on the vine.
